# What to Expect

We welcome all hair types and textures, and our pricing is gender-neutral. Every service is approached with equal care and precision. Please note that our prices may vary based on hair length, density, and the amount of time or product needed.

Welcome Beautiful! Let's get started...

Your first visit with us...

We promise to make your visit seamless! Upon arrival, our friendly Salon Coordinator will greet you and guide you to your stylist, who will conduct a thorough consultation. Together, we will plan not just for your first visit but also create a long-term plan to meet all your hair goals.

If you're here for color, your stylist will custom blend a formula just for you, which will be recorded in our computerized database for future visits. To keep you comfortable, we offer a range of amenities while your color processes.

Your stylist will craft a haircut tailored to your face shape, lifestyle, and overall goals. We love sharing styling tips and tricks, and if you're interested, we offer extended lessons for easy DIY updos or fun curling techniques.

At the end of your visit, we'll provide recommendations for at-home care and help you schedule your next appointment. Expect a follow-up email within the day to ensure that your experience was everything you hoped for. We can't wait to welcome you back!
